9 DISTRICTS REPORT TO MRS. WHITE

EACH TO HAVE CHILDREN'S WEEK PROGRAM LAST OF APRIL

ACTIVITIES MAY VARY

Parties, Frolics, And Serious Gatherings Planned For That Time.

What? The Children's Week.
When? April 24 to May 1.
Why? For the Sake of the children.
For the sake of the Sunday school.
For the sake of the church.
For the sake of the Nation.
For the sake of the World.
How? All together.

Mrs. L. E. White, county superintendent of the children's work has reports from the 9 districts on the children's week program, which is to be observed from April 24 to May 1. The children's superintendent of each district will have charge of the program in her district. The following have planned activities: District 1, Mrs. Roy Pruitt, Elmo; district 2, Miss Viva Graves, Burlington Junction; district 3, Mrs. Art Hill Skidmore; district 4, Mrs. George Greeson, Graham; district 5, Mrs. Paul Gorsuch, Barnard; district 6, Miss Mildred Davis, Guilford; district 7, Mrs. W. C. Nelson, Parnell; district 8, Miss Ruth Hopple, Hopkins; District 9, Mrs. Ellis Cook, Maryville.

Each superintendent may have a different program in her district though they are the same in a general way. A program is suggested that the superintendents may follow. It is not absolutely necessary to adhere to it in detail, according to Mrs. White. It is to be get together time for the children in the Sunday Schools. Parties, frolics and meetings of a more serious nature are planned.

HOPKINS MAN CAUGHT CHECKING WITH NO FUNDS

Louie Hansen Is In The Toils Of The Law In St. Joseph—Is Also Wanted In Hopkins

The following is from the Hopkins Journal:

Louie Hansen, the portly mechanic who has been employed for a short time at the Stoup's blacksmith shop in this city, coming here from Bedford where he worked for six months in the Bock shop, is in the toils of the law in St. Joseph.

He left Hopkins last Sunday morning, having cashed a few checks here that proved worthless. He cashed one for twenty dollars at the Naill restaurant, one for $30 at the Owl Pharmacy and one for $25 at the Burnet music store. At the music store, he was kind enough to take only five in cash and an accordeon for the other twenty, but at the Owl he not only took the thirty but also borrowed an overcoat of Petis Lewis that has not as yet been returned.

The checks here were given on the Bedford National Bank.

From here, the big boy went to St. Joseph to continue his penmanship lessons, drawing checks to the amount of more than a hundred dollars on the Farmers and Merchants Bank of this city.

The Empire Trust Co., phoned the bank here and after finding "no funds," caused Hansen's arrest, and after the law takes its course there, Louie will have to face the music here.

Hansen is about 30 years of age and is a widower. He is a good workman and was doing well here until he began toying with the cup that cheers—$15 a quart for squirrel whisky will put most any man to the bad.

It is said Hansen owns 160 acres of Minnesota land and some think he will square things with all concerned when he gets over his "toot."

GIRLS TO PLAY FOR CHAMPIONSHIP FRI. AND SAT.

Schools Enter Teams to Contest On College Court—All Facilities Open To Visitors

EXCELSIORS WIN DEBATE AT S.T.C.

MISS POWELL CAME FIRST IN EXTEMPORANEOUS SPEAKING

2ND OF SERIES TONIGHT

Declamatory Contest This Evening In Which Societies Will Be Represented

The Excelsior Literary Society represented by Miss Katherine Perry and Miss Alene Smith won in the debate last night at the State Teachers College, according to Harry A. Miller, instructor in reading and public speaking. The question debated was "Resolved that the open shop is better than the closed shop." The winning side had the affirmative side of the issue. The negative side was taken by the Eurekan Literary Society represented by Leslie Powell and Miss Opal Key.

The debate was followed by an extemporaneous speaking contest, Miss Maud Powell, who represented the Philomathean Literary Society was given first place while Harold Houchens representing the Eurekans won second place. Fred Kurtz of the Excelsiors came in for third place.

The judges in the contest were Charles McCaffrey, George Willey and R. L. McDougal.

The second of the contests in the series will take place tonight at the college auditorium. The debate will be on the Irish question. William Mapel and Miss Iva Lape representing the Eurekan Literary Society will take the affirmative side of the issue while the negative will be taken by Miss Bernice Rutledge and Miss Hattie Jones of the Philomatheans.

The declamatory contest will follow. Miss Mabel McGuire of the Excelsiors; Miss Juanita Miller of the Eurekans and Mis Esther Foley of the Philomatheans will contest.

O. E. BRADLEY OF ELMO CHAMPION HOG RAISER

Has 800 Head Of Duroc Jersey Hogs On His 180 Acre Farm Near that Place

Elmo claims the distinction of having the champion hog raiser of Northwest Missouri. Ovie E. Bradley has now 800 head of Duroc Jersey hogs on his 180 acre farm near that place. Mr. Bradley has two sets of improvements on his farm and keeps his hogs divided into several bunches. He has over 200 head of fall shoats in one drove which he is feeding for the market. He raised 480 head of spring pigs, which are doing fine and are almost large enough to wean. His sows will have early fall litters. When his pigs are about two weeks old he fixes a pen where the little pigs can creep in away from their mothers and help themselves to dry shorts in a self feeder, and shelled corn, with water close by. He thinks this beats slopping as they will drink more water, and they have it before them at all times, and it eliminates work, helps the sow, starts the runts, and keeps them from robbing. About one half of his herd are purebred stuff which are eligible to registration and the balance are purebred stuff which the papers have not been kept up on. Mr. Bradley attends the State Fairs each year and buys the best males which he can afford, to head his herd and says he thinks this pays above all else even though you are only raising hogs for the market. He vaccinates all of his pigs as soon as they are large enough to wean. He says he could not afford to run the risk for the price.

PREMIER LLOYD GEORGE TRIES TO SPLIT TRIPLE ALLIANCE

Attempt Fails—Labor Is Missing no Opportunity to Tell Public no Revolution Planned.

London, April 14.—An attempt by Premier Lloyd George to split the triple alliance and avert the general strike scheduled for ten o'clock tomorrow night failed this afternoon and all hopes of settlement were shattered. The Premier tried at the conference with the spokesman of the railmen and transport workers to turn them against the miners but failed.

Labor is missing no opportunity to inform the public through spokesmen that it is not contemplating a revolution. However, the government calls it such and is preparing to deal with it as such, the kingdom being on a war footing and all branches of army drilling daily as in pre-war days. Thousands of women have volunteered to resume their war posts as drivers, street car conductors, and ambulance drivers.

The striking coal miners are turning one of the chief weapons of the government into instruments for defense, enlisting by thousands citizens on the emergency force called by the King, thus securing rations and pay.

YOU HAVE TOOLS FOR WORK

NOT RESPONSIBLE FOR RESULTS SAYS MISS BURRALL

SHOULD TITHE, TOO

It Means Fuller Spiritual Life Learn To Serve.—Pray—Delegates Welcomed At First Session.

"The Lord gives you the tools with which to work. You are not responsible for the results," said Miss Jessie Burrall of Stephens College, Columbia, who spoke at the opening session of the women's missionary society of the Baptist Church of the Kansas City district at the First Baptist Church last night. "You may not have tact. You may not have charm. You may not have a beautiful home but you can do with what you have."

Urges Leadership

Miss Burrall urged the women to lead the young women of the church with whom they come in contact into a greater understanding of the spiritual life. To encourage them to learn to pray and exercise a wise stewardship over the money that comes to them.

"You should tithe" said Miss Burrall, "not because the Lord needs the money. The fullness of the earth is his but because you need to do so. It means a fuller spiritual life for you.

"We are on the threshold of a great spiritual awakening. We will either become the most materialistic nation or the most spiritual one. Now is the critical time. I find that most young persons of today do not pray. Jesus prayed. When ever he had a hard task to perform he went out to the desert and prayed for a day. How much more then do we need to pray."

Results Depends On Workers.

"As to whether this country shall become more spiritual or more materialistic depends upon the men and women, who go to church, not those, who are members but those who work.

"When Jesus went away he said 'And greater things than this shall ye do.' If we were more constant in prayer there would be more young men offering themselves for the ministery and more young women for work in the church. There are 400 Baptist churches in this state closed because there are no ministers to fill the pulpits.

"Every Christian is responsible for the conversion of 17 heathen. You need to have a careful stewardship over your money that men and women may be sent into the mission fields to save these souls.

Learn To Serve

"We must learn to serve, to pray and live like Jesus would have us live to be truly happy."

Besides the address by Miss Burrall, Miss Aretta Beswick made a talk on the work of the last year and what the organization should do in this next year. Miss Beswick called attention to the organizations, that were doing fine work and urged each delegate to return home and see that every department was well organized and in working order. Mrs. Eugene Ogden welcomed the delegates for the Church in Maryville and introduced the chairman of each of her committees. The members of the board of the district missionary society were introduced and responded with short talks.

At the Thursday morning session Miss Louis Tucker of Louisville, Ky., gave a review of "Talks On Soul Winning" while Miss Beswick conducted an open forum. Mrs. F. W. Armstrong of Plattsburg read a scripture lesson. Other speakers in the afternoon were Miss Jesse Brown of Kansas City and Mrs. C. W. Johnson of St. Joseph.

A banquet will be served at 6 o'clock this evening in the basement of the church to the visitors. This will be followed by a pageant in the church about 8 o'clock.

The delegates to the convention are as follows: Miss Jesse Burrall, Columbia; Miss Louis Tucker, Louisville; Miss Aretta Beswick, Kansas C.; Mrs. George Campbell, Kansas City; Mrs. J. J. Ryal, Huntsville; Miss Fern Gates, Slater; Mrs. C. G. Page, Marshall; Miss Ruth Irwine, Marshall; Mrs. J. A. Campbell, King City; Mrs. T. M. Campbell, King City; Mrs. E. T. MRS. EUGENE OGDEN GIVES WELCOME IN VERSE

Greets Chairman, Board and Secretary —Tells How the Women Have Scrubbed and Cleaned.

Mrs. Eugene Ogden gave her welcoming address to the delegates to the woman's missionary meeting at the First Baptist church last night in verse. The address follows:

To our dear chairman, who so sweetly presides;
To our dignified board, who sit up and look wise;
To all of the sisters from far and near
We want to say welcome. We're so glad you are here.
To our dear secretary, who looks after us all,
And watches that none of us stumble or fall—
The Master's business her source of delight;
For you Miss Beswick there's a welcome tonight.
We've waited for your coming with anticipation high,
But we've not been idly waiting as the days and weeks go by.
We've had meetings now and then and committees two or ten.
We've rehearsed and posed and then rehearsed again.
We have cleaned and we have scrubbed and we've dusted and we've rubbed,
And we've swept the cobwebs down from off the walls,
Just to make our church home neat and our welcome quite complete
When you came with us to meet—that was all.
But while we've been so busy with our hands from day to day,
We've been thinking of our heart's abode and we've not forgot to pray,
That God would cleanse the temple in which he came to dwell,
And make us fit for service and the message we must tell.
We want to reach a higher plane than we've ever reached before,
As you tell of love and service true beyond the open door;
And as we sit together, O the joy that it would be
Could our hearts grow warm and tender with love's simplicity.
Through loyalty the door unlocks and as you turn the key
We wait to sit at Jesus' feet and learn humility.
For closer union, higher aims, should our yearning spirit crave
And our lives be filled with labors of love for the world for whom Christ died.
Let us ring the doorbell loudly that the whole lost world may hear.
As we lay upon the altar everything that we hold dear.
Let us oil the rusty hinges as the door swings open wide.
Lord that we might catch a vision of the Savior crucified.
Oh, wonderful love that grants us be-

RURAL PUPILS VISIT COLLEGE PARK

TELL OF WORK TO CLASS IN COLLEGE DURING AFTERNOON

SERVED HOT COCOA

Vitalized Agriculture Schools Doing Well Under Bert Cooper Says Miss Mildred Miller.

The pupils of the Martha Washington School spent the day at the State Teachers College Tuesday. Miss Blanche Erickson, the teacher with the 14 children came to the college in the bus. Each child visited his grade in the College Park School in the morning.

At noon hot cocoa was served by the eighth grade. In the afternoon the children inspected the college building and visited the class in vitalized rural life problems. They told of their work. One child told of the improvements made in the home kitchen; another told of the public nuisances on the highways and suggested improvements that might be made in the school grounds and public roads.

A third child told of testing corn.

This class is composed of teachers, who expect to teach in the rural schools next fall, according to Miss Miller.

"In studying vitalized agriculture the children not only become acquainted with the facts of agriculture," said Miss Miller, "but they realize the need of spelling oral and written composition. They understand how closely related they are to the work in hand.

"The rural schools in Nodaway County are doing excellent work under the direction of Bert Cooper, superintendent of schools," said Miss Miller. "Most of the schools have taken up this method of teaching, too."

CONDON GUESTS TO VISIT SON'S GRAVE IN FRANCE

ROAD MONEY SHOULD BE DIVIDED AMONG COUNTIES

Guilford, Mo., April 13, 1921
Democrat-Forum

"I see by the papers" as Mr. Dooley states it, that Mr. Harry Hawes of St. Louis, Member of Congress and President of the Missouri Good Roads Association, is greatly rejoiced at the thought that a majority of the Counties which helped to vote the Sixty Million Road Bonds last November, will not get any part of the proceeds of said bonds. If Mr. Hawes and his henchmen have their way—and there is no question but the pegs are set that way—that Sixty Million will be spent in building long stretches of said roadway between Saint Louis and Kansas City, at tremendous expense, north of the Missouri River and also south of the Missouri River, the terminus of both roads being Saint Louis on the east and Kansas City on the west. The remainder of the road building program is an after consideration with the Hawes crowd and closely linked to another Bond issue and another for the Sixty Million is to be spent for speedways for the City motorists and if we rural counties want any road we can get them the best way we may after the city fellows are satisfied.

Mr. Hawes buys newspaper space to air his views and the views of his Association. While the campaign was going on last fall, Mr. Hawes and his cohorts were busy declaring that if the Sixty Million Bond issue were voted, each County would get its proportion but now that idea is so extremely nauseating to Mr. Hawes that he talks about "Pork Barrels" "mud roads" etc. He cannot mention dirt roads. It must be "mud roads." Mr. Hawes dislikes the Pork barrel system so much, oh so much. His passionate heart can see no good coming to him if each County gets it's proportionate share per the gospel his crowd preached for pre-election consumption. One must not presume too strongly that Harry Hawes and his crowd loves rural communities or rural people. He used to be called "Handsome Harry" but when the ralities stand in his way, the classic features must by the very logic of the situation carry a heavy frown.

Mr. Hawes virtually says, "Now you rural Jakes get out of the way and let us have that Sixty Million without interference or else you will beat us out of Thirty-seven Million Federal aid that will be coming to us for that would make Ninety seven Million in all—not for all the Counties but the way we city fellows want to spend it."

Better and far better that we have the money expended fairly as promised and agreed upon that referendum be invoked to choke it in the cradle. It is not a Republican nor a Democratic issue. It is the child of City and the Motorists. Little do they care whether the balance of the state ever has improved roads or not after they get what they want. The program then will be for Counties and Townships to vote bonds to build their own roads after said Counties and Townships have helped build the speedways for the Motorists. But will the cities help? Not on your life. It seems impossible that the people of Missouri will let these gentlemen, carry out their plans. They presume on our ignorance or indifference. The issue is clearly drawn. We did not choose to fight but we are being fought. What shall we do? We are cowards if we shall show the white feather and let them carry out their program. They have used misrepresentation, bulldozing, promises and every other thing that will forward their schemes. They are playing for a big stake. Their very audacity promises them victory. Whose business is it to give them battle? It may easily be that we shall be plundered of our rights because it is a case of "Everybody's business is nobody's business." They have put on their war paint while we are pursuing our peaceful ways with our minds bent more on production than advantage.

MOVING SIDEWALKS PROPOSED IN PARIS

Paris, April 13.—To relieve congestion on the sidewalks of the Paris boulevards it is proposed to construct a moving sidewalk under the street level and along the side of a new subway about to be built. Emile Desvaux, the engineer who constructed the moving sidewalk at the world's fair in Paris, presented the idea to the municipal council. Desvaux's plan is to have a sidewalk moving at about five miles an hour with railings on which the "pedestrians" might rest while being transported along forty feet underground. The scheme is being given serious attention.

FIFTY YEARS AGO TODAY

(Taken from the Nodaway-Democrat of Wednesday, April 12, 1871).

We have had a large amount of weather during the past week. On Saturday and Monday the wind shook up the town in a lively manner, and some of the most essential improvements were dislocated. Real estate was as active as anybody could wish, in fact, most every man you met had a corner lot in his eye. Monday the wind veered around, and the atmosphere grew cold, as that we noticed ice an inch thick on Tuesday morning. Fears are entertained for the fruit crop, but we hope for the best.

The prairies are beginning to look green, and cattle will soon be able to live on prairie grass.

This is the time to set out fruit trees, and A. W. Gaunt is the man to buy of. Mr. Gaunt is a good nursery man, and his representations may be depended on. He has had experience enough to know what kind of fruits will best withstand our cold winters.

Rev. G. W. Huntley of Forest City, Holt County, who has been laboring as a missionary of the Baptist Church through this and adjoining counties for sometime past, has at length succeeded in effecting a church organization in Maryville composed of thirty-five members.

The church organization will for the present remain under the pastoral charge of Rev. G. W. Huntley. Meetings will be held on the second Sunday of each month, at the South Methodist church building. We learn that the prospect of a liberal accession of church membership is flattering, and that the erection of a church building at no distant day, is under contemplation.

CONCRETE BASIN AT PLANT CLEANED THIS MORNING

The concrete basin at the city water works was cleaned this morning and will soon be ready for use, according to Mayor F. P. Robinson. The two breaks in the main water line, one on one side of the Wabash tracks and one on the other, have been repaired and every thing is now in order.

With the exception of these repairs nothing else has had to be done to the plant.

Mrs. Thomas Trinder is visiting in St. Louis.

MRS. L. D. COOK WILL BE 82 YEARS OLD TOMORROW

Has Twelve Surviving Children—Resident of County for Many Years—Widow of Elder Cook.

Tomorrow will be the 82nd birthday anniversary of Mrs. L. D. Cook, living at 221 West Sixth street. Mrs. Cook has twelve living children, thirteen grandchildren, two great grandchildren, does all her own work and lives alone.

Mrs. Cook was born in Missouri in 1839, her maiden name being Mary J. Dunigan. Her husband, Elder Cook, who died August 3, 1894, devoted thirty years of his life to the ministry. They were married on May 17, 1862. For many years they made their home on farm west of Maryville.

The surviving children are Franklin Cook of Nebraska City, Neb.; Andrew Cook of St. Joseph, Burton R. Cook of Kansas City, L. C. Cook, Ellis Cook and T. H. Cook all of Maryville, Ova Cook of St. Anthony, Ida., Walter G. Cook, Mrs. Ella Cordell both of Boise, Idaho, Mrs. Mattie McNeff and Mrs. Lizzie Cates both of Chicago and Frank Cook of Grand Junction, Colo.

In 1920, New York, Pennsylvania, Michigan, Wisconsin, Maine, Minnesota, produced the largest quantity of potatoes.

One hundred million barrels of Portland cement were made in 1920 with approximately 80 mills manufacturing it.

Buy Your Coal Direct From Mine--Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 359 Como Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.

Some FACTS about

Ford

THE UNIVERSAL CAR

Here are authentic figures from the Ford factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921 and how many have been sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production	127,074	Total retail sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

FRENCH WOMEN TO FORM CHARM SCHOOL

Will Teach How To Win Love Of Men —Countess Has Applicants Already

Paris, April 14.—The strangest secret society on record—an organization to teach women past middle age how to hold the love of their husbands—has just been launched in Paris.

Its sponsor is the Countess Andree de Tavernay. She admits that she is forty-one years old, but not a one of her male admirers will believe her. She has grouped about her, she says, some of the best known women in French society, whose names are as secret as the bylaws and advice issued by the organization.

The new society is known as the "French Charm Club." It has just begun issuing a mysterious book whose chapters comes out serially. It is never to reach the eyes of man until years after the death of every member.

"I have taken a hint from the American correspondent schools," says the Countess. "To make sure that no part of the book falls into the hands of a man I mail out one chapter for members of the society to read and when they finish with that they send it back to me by registered mail and I send on the next chapter. Each time a member sends back her copy she renews her solemn pledge never to let the book out of her possession."

Only the introduction to the mysterious love book is public property. It is written by the Countess herself, though members of the society will contribute to several chapters.

Hang On To Charm, Is Advice.

"Women of forty and over," says the preface, "you must learn how to charm your husbands if you are to keep them. Nothing is easier. Always remember that it is the woman of forty, ripe with experience in love, who most often awakes the affections of youth when love comes to youth intuitively. Retain your charm and you have nothing to fear from frivolous young girls."

The love book will have chapters on the care of the complexion and the hair, how to dress attractively and how to retain a youthful figure. One chapter, the Countess announces, will deal with "The Best Loved Man in Paris," a figure in real life and will recount the experiences of many women, both under and over forty, who tried to capture his heart.

ANOTHER MARYVILLE CASE.

It Proves That There's a Way Out for Many Suffering Maryville Folks.

Just another report of a case in Maryville. Another typical case. Kidney ailments relieved in Maryville with Doan's Kidney Pills.

J. N. Bryan, retired farmer, 222 11th St., Maryville, says: "I can say a good word for Doan's Kidney Pills. At one time I was having trouble with my kidneys and back. I had an intense soreness through the small of my back which caused me great pain when I tried to bend and straighten up quickly. My kidneys acted too frequently and this weakened me. I saw Doan's Kidney Pills advertised and I started to use them. I found great relief from the start and after using Doan's a while I was relieved of the trouble. It has been some time since I have needed to use Doan's Kidney Pills so I know the benefit they gave me is a lasting one." (Statement given June 13, 1916.)

On March 31, 1920, Mr. Bryan said: "Time will never change my high opinion of Doan's Kidney Pills. Since I used them four years ago I have had no return of the trouble. I am glad to say Doan's permanently cured me and I also wish to confirm my former statement."

WOMEN OF MIDDLE LIFE

A Dangerous Period Through Which Every Woman Must Pass

Practical Suggestions Given by the Women Whose Letters Follow

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did, and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter."—Mrs. A. KELLER, Afton, Tenn.

Mrs. Mary Lister of Adrian, Mich., adds her testimony to the value of Lydia E. Pinkham's Vegetable Compound to carry women safely through the Change of Life. She says:

"It is with pleasure that I write to you thanking you for what your wonderful medicine has done for me. I was passing through the Change of Life and had a displacement and weakness so that I could not stand on my feet and other annoying symptoms. A friend told me about Lydia E. Pinkham's Vegetable Compound and the first bottle helped me, so I got more. It cured me and I am now doing my housework. Your medicine is certainly woman's friend and you may use this testimonial as you choose."—Mrs. MARY LISTER, 608 Frank Street, Adrian, Mich.

It is said that middle age is the most trying period in a woman's life, and owing to modern methods of living not one woman in a thousand passes through this perfectly natural change without experiencing very annoying symptoms.

Those smothering spells, the dreadful hot flashes that send the blood rushing to the head until it seems as though it would burst, and the faint feeling that follows, as if the heart were going to stop, those sinking or dizzy spells are all symptoms of a nervous condition, and indicate the need for a special medicine.

Lydia E. Pinkham's Vegetable Compound is a root and herb medicine especially adapted to act upon the feminine system. It acts in such a manner as to build up the weakened nervous system and enables a woman to pass this trying period with the least possible annoying symptoms.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative and often prevents serious troubles.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

H. C. L. CAUSES NO SLUMPS IN MARRIAGES

Chicago, April 13,—Christmas is the most popular season for popping the question and the period between Easter and July the most fashionable for weddings. This is the conclusion of jewelers based on statistics relating to the sale of engagement and wedding rings.

The reason seems as clear as that of any problem involving the psychology of the well known human race. Christmas, for instance, is a time of sentiment and cold weather, which prompt to tenderness and the instinct for snuggling. The Spring, on the other hand, is the time of mating and home-building, bedecked by nature with flowers and greenery as if for nuptials.

Jewelers who keep statistics on romance say by far the largest number of engagement rings are sold around Christmas and by far the largest number of wedding rings in April, May and June. Manufacturing jewelers declare their output of rings of both kinds is as heavy this year as in the two years following the end of the war, when marriages broke the numerical record.

J. ED BILBY SUES FOR PART OF BILBY ESTATE

Suit Filed n St. Joseph in Effort to Recover Part of John S. Bilby Estate.

The following is from the St. Joseph News-Press:

J. Ed Bilby of Keystone, Kans., has filed suit in the federal court in St. Joseph in an effort to recover a third of the estate of his father, John S. Bilby, a wealthy stockman and landowner of northwest Missouri, who died intestate Nov. 26, 1919. Bilby claims that the estate is worth at least $2,000,000, and that he is denied his share by his brothers, Russell I. Bilby, Quitman, Mo., and Nicholas V. Bilby, Holdensville, Okla. Frances Ellen Smith, a sister, Seattle, Wash., and Mrs. Eva Bilby, stepmother, Broken Arrow, Okla., are named as the co-defendants.

The elder Bilby was one of the largest individual landowners in the United States at the time of his death. He got his start in Nodaway county and expanded his holdings until he owned vast tracts in Nodaway and Atchison counties, Missouri, and in Kansas, Texas and Oklahoma.

The petition alleges that Mrs. Eva Bilby, who was J. Ed Bilby's second wife, made a pre-nuptial agreement with the husband, whereby she was not to receive any portion of the estate at his death, and that the daughter, Frances Ellen Smith, had received her share of the estate prior to the time of an alleged conspiracy to keep J. Ed Bilby out of his share. The elder Bilby was eighty-seven years old when he died, and the petitioner claims that he had been in feeble health for five years prior to death and was not mentally responsible.

The petition alleges that the sons, Russell and Nicholas, had obtained undue influence over their father and prevailed upon him to deed all his property to them, and that the other defendants acquiesced.

The elder Bilby was well known in St. Joseph, having had business dealings with many local firms. He is best remembered by a gold brick swindle in which he was involved seventeen years ago. Bilby was victimized and filed suit. The brick is now in the possession of St. Joseph persons.

"VAG" SAYS HIS JOB IS CHRISTMAS TREE DECORATOR

Beaumont, Texas, April 13.—Goldie Sisson is free to-day because he made Chief of Police Johnson laugh. Goldie was booked on a "vag" charge.

"I'm no 'vag'" he insisted to the chief. "No court'll ever convict me I'm a working man."

"Hasn't worked a day this year," scoffed the patrolman who had brought him in.

"Well," replied the charge, "I only work in season. I'm a Christmas tree decorator."

He was released.

Wolves Too Numerous.

If something is not done, wolves will be doing a lot of damage in this vicinity. Ora Friend had two lambs killed by wolves a few nights ago and a big grey one made inroads on the Wm. Demott turkey roost recently. Wm. Pettyjohn took a shot at one on the McCleave farm last week and wolves have been seen lately on the Coleman, Olmstead and Moorhead farms, just south of town. Guess it is time to give the wolf hounds some encouragement instead of "posting" against them. —Hopkins Journal.

Mr. Johnson Here.

Rev. Abner Johnson, pastor of the Church of Christ, at Waukee, Ia., is in Maryville on a business trip and visiting his sister, Mrs. Thomas Cox. Mr. Johnson is a former Maryville resident.

Judge Jesse Robertson went to Mobcrly, Mo., yesterday on a several days' business trip.

Did You Pay That Bill?

Have you a receipt for the money—
Can you prove that you paid it?
If you paid it by check—YES.
If not, probably—NO.

That is one of the good things about a checking account and one of the best reasons for having an account for the transaction of all business.

Running the home is a very important business and the wife should have a checking account to pay bills. If all bills are paid by check it gives you a true account of expenditures and a good receipt for the money.
